```java
public class AP
{
    public static void main(String[] args)
    {
        for (int i=1; i<=100; i=i+2)
        {
            System.out.print(i + ",");
        }
        System.out.println("");
    }
}
```
